

## Information Technology \_ Cyber contracts

### Assured Information Security Inc. (Rome, NY)

- full spectrum cyber capabilities; provides for research, development, and transition of cyber technologies to enable rapid cyber operations and will result in the “accelerated delivery of innovative cyber solutions to the warfighter”; 6 March 2019 (later [corrected](#) to be issued 7 March 2019)
  - o AFRL, Rome, NY (FA8750-19-C-0013)
- research, development, prototyping, integration, testing, demonstration, deployment, upgrades, enhancement, sustainment and training of innovative technologies and concepts in support of Virtualized Intelligence Platform Engineering and Research software baselines; 30 April 2019
  - o AFRL, Rome, NY (FA8750-19-D-0001)

### Bowhead Cybersecurity Solutions & Services (Alexandria, VA)

- the Air Force National Tactical Integration Program; provides real-time, two-way interactive information exchange among the combined/joint force air component commander, other joint and Air Force customers, and the national “intelligence community” → work at Lackland AFB, TX; Fort Meade, MD; Wright Patterson AFB, OH; Scott AFB, IL; Barksdale AFB, LA; Tyndall AFB, FL; Davis-Monthan AFB, AZ; Fort Gordon, GA; Shaw AFB, SC; Langley AFB, VA; Cape Canaveral AFS, FL; Hurlburt Field, FL; Hickam AFB, HI; Creech AFB, NV; 6 Sept 2019
  - o Acquisition Management & Integration Center-Detachment 2, Joint Base San Antonio-Lackland, TX (FA7037-19-C-A009)

### Bowhead Mission Solutions (Springfield, VA)

- software and system engineering services; W15P7T-12-D-E010; 17 Sept 2019
  - o Army Contracting Command Aberdeen Proving Ground, MD

### CDO Technologies Inc. (Dayton, OH)

- installation hardware and software to provide Voice Over Internet Protocol capability at 180 Air Force installations worldwide; 27 Sept 2019
  - o AFLCMC Cryptologic & Cyber Systems Division, JB San Antonio-Lackland, TX (FA8307-19-F-0006)

### Cyber Systems & Services Solutions (Bellevue, NE)

- Defensive Cyber Realization, Integration, and Operational Support services at Joint Base San Antonio-Lackland, TX; FA8773-18-D-0002; 22 Feb 2019
  - o 38th Contracting Squadron, JB San Antonio-Lackland, TX

### Data Intelligence LLC (Marlton, NJ)

- cybersecurity and security engineering-related services to DOD, National Guard Bureau, and DHS → Marlton, NJ (25%); Philadelphia, PA (75%); 19 June 2019
  - o Naval Information Warfare Center Pacific, San Diego, CA (N66001-19-D-0076)

### Galois Inc. (Portland OR)

- merged-analysis-to-prevent-exploits software, testing and demonstrations; a software system that will enable computers and humans to collaboratively reason over software artifacts with the goal of finding zero-day vulnerabilities at a scale and speed appropriate for the complex software ecosystem; 12 Dec 2018
  - o AFRL Rome, NY (FA8750-19-C-0004)

### ICF Inc. (Fairfax, VA)

- Army Research Lab Cyber Security Service Provider (CSSP) program in Adelphi, MD; W911QX-17-C-0018; 12 June 2019
  - o Army Contracting Command, Adelphi, MD

### Kingfisher Systems Inc. (Falls Church, VA)

- advanced cyber support services for the Marine Corps Cyberspace Operations Group → work in Quantico, VA; 4 Feb 2019
  - o SSC Pacific San Diego, CA (N66001-19-C-3406)

#### NCI Information Systems (Reston, VA)

- IT services for cyber network operations and security support in Fort Huachuca, AZ; W91RUS-18-C-0017; 3 July 2019
  - o Army Contracting Command, Aberdeen Proving Ground, MD

#### Northrop Grumman (McLean, VA)

- non-personal IT support services for the U.S. Army Regional Cyber Center-Europe, Wiesbaden-Erbenheim, Germany; W91RUS-14-D-0002; 18 July 2019
  - o Army Contracting Command, Aberdeen Proving Ground

#### Packet Forensics LLC (Virginia Beach, VA)

- DARPA Harnessing Autonomy for Countering Cyberadversary Systems (HACCS) research project; HR0011-18-C-0056; 27 Aug 2019
  - o DARPA, Arlington, VA

#### Radiance Technologies Inc. (Huntsville, AL)

- distributed, automated and intelligent hardware and software security; design, development, integration and delivery of an adaptable set of models and tools, which can be used to provide next-generation detailed, comprehensive and automated cyber vulnerability assessment capabilities, which can also be tailored towards multiple application spaces and DOD missions; this set of models and tools will provide optimized system configurations and countermeasure placement in order to perform vulnerability assessments on complex, distributed systems, which include Internet of Things components in an automated fashion; 19 Aug 2019
  - o AFRL Rome, NY (FA8750-19-C-1508)

#### Risk Mitigation Consulting (Destin, FL)

- methodology and field research for evaluating cybersecurity of Navy control systems effort; N00014-18-S-B001; 12 June 2019
  - o Office of Naval Research, Arlington, VA (N00014-19-C-1015)

#### RTL Networks Inc. (Denver, CO)

- services in the areas of cooperative cyber risk assessments and cyber table tops of fighter/attack (fixed and rotary wing) and surveillance aircraft or similarly complex aircraft, tactical unmanned aerial vehicles, GPS guided weapons or similarly complex weapons, training simulators, Portable Electronic Maintenance Aids equipment, software and development environments, and associated communications and networks → China Lake, CA (50%); Placentia, CA (48%); Denver, CO (2%); 7 Aug 2019
  - o Naval Air Warfare Center Weapons Division, China Lake, CA (N68936-19-D-0040)

#### Sabre Systems Inc. (Warrington, PA)

- R&D of cyber resilient and full spectrum cyber warfare capabilities in support of the Integrated Battlespace Simulation and Test Department, Research, Development, Test and Evaluation Infrastructure Division, Patuxent River, MD; N68335-16-G-0022; 14 Aug 2019
  - o NAWCAD Lakehurst, NJ

#### Sentar (Huntsville, AL)

- cyber security and information management support services in Huntsville, AL; 22 May 2019
  - o Army Contracting Command, Redstone Arsenal, AL (W31P4Q-19-F-0323)

#### Sentient Digital Inc., d.b.a. Entrust Government Solutions (New Orleans, LA)

- IT engineering support services; will assist MSC Command, Control, Communications, & Computer Systems (C4S) Division (N6) in providing and sustaining DOD and Department of the Navy compliant technical C4S solutions; additionally, this will satisfy emerging requirements, enhance and develop IT capabilities in support of MSC's mission, and assist in the development of governance to ensure IT capabilities align to MSC N6's strategic business support plan, MSC N6's technical architecture road maps, DOD, and Navy mandates. "The solutions primarily satisfy emergent cyber security mandates and technical refreshes for end of life hardware and software"; 15 March 2019

Telos Corp. (Ashborn, VA)

- “defensive” cyber operations support at 17 U.S. AFBs in the continental U.S.; FA4890-17-F-0025; 30 Nov 2018
  - o ACC Joint Base Langley-Eustis, VA

Two Six Labs, Arlington, VA

- *see AFRL file*

Tyonek Global Services (Anchorage, AK)

- Cyber Operations Formal Training Support (CyOFTS) II; provides essential capabilities to support the Cyber Operations field training unit in course planning, admin support, technical writing, course development, project management, instructor training, student mission training systems administration, network systems administration, training range engineering maintenance, computer help desk support, and hardware/infrastructure maintenance → Hurlburt Field, FL; and Joint Base San Antonio, TX; 28 Feb 2019
  - o 38th Contracting Squadron, Tinker AFB, OK (FA8773-19-C-A004)

22nd Century Technologies Inc. (Somerset, NJ)

- support the 33rd Network Warfare Squadron at Joint Base San Antonio, TX, in conducting its mission of Defense Cyber Operations (DCO); contractor provides plans and implantation in executing the mission; 12 Feb 2019
  - o 38th Cyberspace Engineering Installation Group, Tinker AFB, OK (FA8773-15-C-0067)
