

United Launch Services (Centennial, CO) a Lockheed Martin & Boeing joint venture

- develop a Launch System Prototype for the Evolved Expendable Launch Vehicle (EELV) program → Centennial, CO; Decatur, AL; Cape Canaveral AFS, Vandenberg AFB; issued 10 Oct 2018
  - o this is part of a portfolio of three agreements that leverage “commercial launch solutions” to have at least two domestic, commercial launch service providers that meet “National Security Space requirements,” including launch of heavy, complex payloads; agreement requires shared cost investment for development of the Vulcan Centaur launch system; Northrop Grumman and Blue Origin received similar contracts on the same day;
  - o Space & Missile Systems Center, Launch Systems Enterprise Directorate, Los Angeles AFB, CA (FA8811-19-9-0003)
- Evolved Expendable Launch Vehicle Delta IV heavy launch services; provides launch vehicle production services for National Reconnaissance Office (NRO) Launch Mission One → Centennial, CO; Decatur, AL; launch will occur at Cape Canaveral AFS, FL, or Vandenberg AFB, CA; 24 Oct 2018
  - o Space & Missile Systems Center Los Angeles AFB (FA8811-19-C-0002)
- launch services to deliver the SILENTBARKER and SBIRS GEO-5 and -6 missions to intended orbits; includes launch vehicle production, mission integration, mission launch operations / spaceflight worthiness, and mission unique activities → Centennial, CO, and Cape Canaveral, FL; 19 Feb 2019
  - o Space & Missile Systems Center, Launch Systems Enterprise Directorate, Los Angeles AFB (FA8811-19-C-0005)
- National Security Space Launch Delta IV heavy launch services; provides launch vehicle production services for NRO Launch Mission Two, the second of three planned NRO launch missions under this contract → work in Centennial, CO; Decatur, AL; Cape Canaveral AFS, FL; FA8811-19-C-0002; 9 May 2019
  - o Space & Missile Systems Center, Los Angeles AFB, CA
- National Security Space Launch Delta IV Heavy Launch services; provides for launch vehicle production services for NRO Launch Mission Three → Centennial, CO; Decatur, AL; Cape Canaveral, FL; FA8811-19-C-0002; 7 Aug 2019
  - o Space & Missile Systems Center, Los Angeles AFB
- National Security Space Launch Delta IV Heavy launch services; Launch Operations Support (LOPS) services for five NSSL NRO missions, all using ULS’s Delta IV launch vehicle → Centennial, CO; Pueblo, CO; Decatur, AL; Harlingen, TX; with launch facilities at Cape Canaveral AFS, FL; Vandenberg AFB, CA; FA8811-19-C-0002; 30 Sept 2019
  - o Space & Missile Systems Center, Los Angeles AFB, CA

*The Pentagon is always renaming programs and units. In March 2019, the Evolved Expendable Launch Vehicle program became the “National Security Space Launch” program.*
