

The U.S. Navy's large administrative units are known as systems commands.

These commands include

- Naval Air Systems Command (NAVAIR)
- Naval Sea Systems Command (NAVSEA)
- Naval Supply Systems Command (NAVSUP)
- Naval Information Warfare Systems Command (NAVWAR)

What follows is a list of the lesser-known corporations that contracted with naval systems commands during fiscal 2021. These lists are not comprehensive and do not include the largest war corporations. (For the large war corporations, see the files titled *biggest war corporations*.)

NAVAIR

Aviation Systems Engineering Company (Lexington Park, MD)

- technical engineering services, to include systems engineering, research and technical analysis, advanced capabilities analysis, functional requirements definition and allocation, information assurance, verification/test, system documentation, and technical data in support of maritime patrol and reconnaissance aircraft programs involved in the development of new operational requirements to provide improved ISR and tracking capabilities → work in Patuxent River, MD (51%); Jacksonville, FL (46%); Seattle, WA (3%); N6833516C0330; 3 Aug 2021
 - o Naval Air Warfare Center [NAWCAD], Lakehurst, NJ

Choctaw Defense Manufacturing LLC (McAlester, OK)

- up to 700 Munitions Handling Unit Trailers in support of common aviation support equipment for the Navy; 21 Sep 2021
 - o NAVAIR Patuxent River, MD (N6833521D0053)

Compass Systems, Inc. (Lexington Park, MD)

- threat drivers and requirements analysis, prototype development and experimentation, engineering support, modeling and simulation analysis, rapid prototyping to include fabrication, integration, lifecycle logistics support and forward deployed operations in support of C5ISR technology advancement to enhance communications techniques with operational mapping and network intelligence technology → Lexington Park, MD (38%); Yuma, AZ (20%); Tampa, FL (13%); Johnstown, PA (10%); Braggs, OK (10%); San Diego, CA (6%); Virginia Beach, VA (3%); N00019-19-G-0029; 17 Jun 2021
 - o NAVAIR, Patuxent River, MD

ERAPSCO JV (Sparton Corp. and Ultra Electronics – USSI), Columbia City, IN

- AN/SSQ-125 production sonobuoys (production & delivery of a maximum quantity of 20,000) in support of annual training, peacetime operations and testing expenditures and maintaining sufficient inventory to support the execution of major combat operations determined by the Naval Munitions Requirements Process for the Navy and FMS → De Leon Spring, FL (51%); Columbia City, IN (49%); N00019-19-D-0032; 3 Mar 2021
 - o NAVAIR, Patuxent River, MD
- AN/SSQ-62 production sonobuoys (5,000 of them) “in support of annual training, peacetime operations and testing expenditures, and maintaining sufficient inventory to support the execution of major combat operations determined by the Naval Munitions Requirements Process for the Navy and FMS” → work in Columbia City, IN (67%); De Leon Spring, FL (33%); N0001919D0032; 23 Sep 2021
 - o NAVAIR Patuxent River, MD

LTM Inc. (Havelock, NC)

- assist the Fleet Readiness Center (FRC) East Fleet Support Team with integration of Naval Aviation Enterprise (NAE) maintenance and supply functions, maintenance scheduling in accordance with NAE constructs, as well as provide logistics and technical support services → Cherry Point, NC (85.94%); Richmond, VA (3.63%); San Diego, CA (3.63%); Norfolk, VA (1.82%); Yuma, AZ (1.37%); Patuxent River, MD (1.36%); locations within continental U.S. (2.25%); 5 Jan 2021
 - o Commander, FRC Procurement Group, Patuxent River, MD (N68520-21-D-0002)

Meggitt Defense Systems (Irvine, CA)

- additional P-8A liquid palletized systems (10 units in ordering Year Two, 11 units in Year Three, 11 units in Year Four) for US Navy P-8A aircraft → Irvine, CA (78%); Sumner, WA (8%); Niagara, NY (4%); locations within continental U.S. (10%); N00019-19-D-0039; 21 Dec 2020
 - o NAVAIR Patuxent River, MD

Mercury Defense Systems Inc. (Cypress, CA)

- twelve Type I.v1 Advanced Digital Radio Frequency Memories (DRFM) production units, each configured with two 18 GHz radio frequency converter modules and two micro-DRFM modules; seven Type II.v3 Advanced DRFM production units, each configured with four 7-11 GHz radio frequency converter modules and four micro-DRFM modules; and data deliverable; re SBIR Phase III effort for topic N06-036 titled, “Advanced Techniques for Digital Radio Frequency Memories (DRFM)” for U.S. Navy and Air Force → Cypress, CA (83%); West Caldwell, NJ (17%); N6833517G0017; 30 Jun 2021
 - o NAVAIR, Patuxent River, MD

Stratasys Inc. (Eden Prairie, MN)

- F900 production 3D printer systems and initial support and sustainment to include technical support, installation, support equipment and ancillary equipment problem resolution, technical publication logistic support, original equipment manufacturer reach-back capability for software and hardware components, engineering investigations and corrective actions for system anomalies, and development of initial training for the supplied systems → work in Joint Base McGuire-Dix-Lakehurst, NJ (6%); Kaneohe Bay, HI (4%); Yuma, AZ (4%); Cherry Point, NC (4%); Miramar, CA (4%); New River, NC (4%); Beaufort, SC (4%); Camp Pendleton, CA (4%); Fort Worth, TX (4%); Newburgh, NY (4%); Lemoore, CA (4%); Whidbey Island, WA (4%); Oceana, VA (4%); North Island, CA (4%); Norfolk, VA (4%); Jacksonville, FL (4%); Mayport, FL (4%); Point Mugu, CA (4%); Fallon, CA (4%); Camp Springs, MD (4%); New Orleans, LA (4%); Patuxent River, MD (4%); China Lake, CA (4%); Iwakuni, Japan (3%); Okinawa, Japan (3%); 23 Aug 2021
 - o Commander, Fleet Readiness Centers, Patuxent River, MD (N6852021D0006)

TestVonics Inc. (Peterborough, NH)

- air data calibrator systems¹ to support NAVAIR Metrology and Calibration Program; 5 Oct 2020
 - o Naval Surface Warfare Center, Corona Division, Corona, CA (N64267-21-D-0048)

The Naval Air Warfare Center Aircraft Division (NAWCAD) is part of NAVAIR.

Airborne Tactical Advantage Co. LLC (Newport News, VA)

- contractor-owned and operated Type III high subsonic and Type IV supersonic aircraft to Navy fleet customers for a wide variety of airborne threat simulation capabilities in support of the Specialized and Proven Aircraft program, Contracted Air Services → Newport News, VA (44%); Point Mugu, CA (37%); Kaneohe Bay, HI (14%); Atsugi, Japan (5%); 4 Nov 2020
 - o NAWCAD, Patuxent River, MD (N00421-21-D-0008)

Aluttiq Solutions LLC (Anchorage, AK)

- research and analysis, strategic initiative, executive leadership management, administrative, operational and technical program support for the Command Strategic Leadership Service Team in support of the commander, NAVAIR and direct reporting teams, the NAVAIR Corporate Operations Group, the Business Financial Management Competency, the Joint Strike Fighter front office, and the NAVAIR Washington Liaison Office → Patuxent River, MD (60%); Arlington, VA (40%); N00421-20-D-0007; 28 Jan 2021
 - o NAWCAD, Patuxent River, MD

American Systems (Lexington Park, MD)

- software engineering and technical support services in support of a wide range of naval air programs for aircraft systems and subsystems for NAVAIR Software Engineering Department → Patuxent River, MD (93%); North Island, CA (3%); Seattle, WA (2%); Indianapolis, IN (1%); Jacksonville, FL (1%); 30 Jul 2021
 - o NAWCAD, Patuxent River, MD (N0042121D0035)

Antech Systems Inc. (Chesapeake, VA)

- engineering and technical support; maintenance and material management; software engineering, development, and integration; and development of logistics packages in support of command, control, communications, computers, and intelligence operational maintenance and engineering training for the Navy, Air Force, Army and other government agencies → Norfolk, VA (60%); St. Inigoes, MD (40%); 12 May 2021
 - o NAWCAD, Patuxent River, MD (N0042121D0021)

Avian LLC (Lexington Park, MD)

- full life cycle program testing and evaluation support to include design, execution, analysis, evaluation, and reporting of tests and experiments of aircraft, unmanned air systems, weapons, and weapons systems in support of the Systems Test and Experimentation Management Division, Services Integrated System Evaluation Experimentation and Test Department, Patuxent River, MD; N0042117C0049; 30 Apr 2021
 - o NAWCAD, Patuxent River, MD

A2 JV (Lexington Park, MD)

- support services for the Airborne Systems Integration Division in the design, development and demonstration of sensor capabilities for a variety of platforms, manned and unmanned, airborne, shipborne, and fixed mobile ground stations for DOD and other government agencies → Lexington Park, MD (44%); Saint Inigoes, MD (35%); Patuxent River, MD (15%); Bridgewater, VA (1%); CA, MD (1%); Herndon, VA (1%); Huntsville, AL (1%); Warminster, PA (1%); Hollywood, MD (0.5%); Virginia Beach, VA (0.5%); 30 Nov 2020
 - o NAWCAD Patuxent River, MD (N00421-21-D-0009)

Bowhead Base Operations LLC (Springfield, VA)

- logistics support services, including processing material and service requests, identifying alternative parts and sources of supply for materials and services, validating requirements utilizing technical publications, receiving and tracking all incoming materials and

¹ The air data calibrator systems are used at intermediate level calibration laboratories afloat and ashore, as well as the depot level calibration labs to control and measure altitude and airspeed pressure in automated test applications.

- services, maintaining warehouse-stocking levels, receiving and transferring parts between Fleet Readiness Center Aviation Support Equipment locations → Solomons Island, MD (80%); Portsmouth, VA (10%); New Orleans, LA (10%); 21 Dec 2020
 - NAWCAD Lakehurst, NJ (N68335-21-C-0146)
- Compass Systems Inc. (Lexington Park, MD)
 - research, development, design, analysis and integration of ISR payloads, to include the following systems: radar, electro optical/infrared, command and control, data link and processing and exploitation software in support of systems integration onto the Navy Research Laboratory P-3 test aircraft → Lexington Park, MD (78%); Rochester, NY (11%); Springfield, VA (11%); 21 Apr 2021
 - NAWCAD, Lakehurst, NJ (N6833521C0216)
- DCS Corp. (Alexandria, VA)
 - design, development, integration, test, evaluation, installation, maintenance, configuration management and logistics in support of the Air Traffic Control and Landing Systems Division systems and equipment → Saint Inigoes, MD (80%); Lexington Park, MD (20%); 10 Dec 2020
 - NAWCAD Patuxent River, MD (N00421-21-D-0011)
 - services for planning and execution of test efforts for various aircraft and weapons components through Milestone C decision: include engineering, design, integration, test and evaluation for developmental and operational test and evaluation efforts associated with modifications to existing commercial-off-the-shelf and non-developmental items in support of the Air Vehicle Test and Evaluation Division for Naval Test Wing Atlantic Command, Patuxent River, MD; N00421-17-C-0043; 25 Feb 2021
 - NAWCAD, Patuxent River, MD
- Eagle Systems Inc. (California, MD)
 - engineering, technical, administrative and program management support services, including support equipment test technology design and integration, support equipment test and evaluation, laboratory and facility operations and maintenance, integrated program teams engineering and technical assistance and modification/repair of support equipment end items/components → work in Patuxent River, MD (75%); Lakehurst, NJ (9%); Point Mugu, CA (3%); Oceana, VA (3%), and various locations within the continental U.S. (10%); 9 Mar 2021
 - NAWCAD, Patuxent River, MD (N00421-21-D-0013)
- East West Industries Inc. (Ronkonkoma, NY)
 - long-lead-time critical seat survival kit hardware in support of the Enhanced Emergency Oxygen System lot 3 production for US Navy; N0042118G0004; 26 Mar 2021
 - NAWCAD, Patuxent River, MD
- Electrical Equipment Co. (Norfolk, VA)
 - XVR19 Versa Module Eurocard Single Board computers; annual XVR19 Open Linux software development kit maintenance licenses; and RES-3000 Ethernet Switch System components for multiple AN/UPX-24(V) Interrogator Set and AN/UPX-46(V) Interrogator System projects in support of Naval Air Warfare Center Aircraft Division, Combat Integration & Identification Systems; 14 Jan 2021
 - NAWCAD, Lakehurst, NJ (N68335-21-D-0047)
- Essex Electro Engineers Inc. (Schaumburg, IL)
 - land-based mobile electric power plant units to provide 120KVA 115 VAC 400 Hz/270VDC/28VDC electric power to support general aircraft maintenance for all Navy aircraft platforms; 13 Jan 2021
 - NAWCAD, Lakehurst, NJ (N68335-21-D-0049)
- GBL Systems Corp. (Camarillo, CA)
 - research to support the integration of critical technologies that will reduce risk by improving user interaction with mission data file development, test, and evaluation tools at the Joint Reprogramming Enterprise facilities → work in Camarillo, CA (50%); Point Mugu, CA (50%); N6833515G0026; 31 Mar 2021
 - SBIR topic N04-174 entitled, "Intelligent Software Agents for Automating EA-18 Combat Functions."
 - NAWCAD, Lakehurst, NJ
- J.F. Taylor Inc. (Lexington Park, MD)
 - ship, air and combat integration and identification engineering services in support of the Combat Integration and Identification Systems Division of NAWCAD, Webster Outlying Field, MD → Lexington Park, MD (80%); Saint Inigoes, MD (20%); 25 Feb 2021
 - NAWCAD, Patuxent River, MD (N00421-21-D-0016)
- Lone Star Aerospace Inc. (Addison, TX, which is north of Dallas)
 - predictive decision analysis, technical analysis, simulation and consulting services. Also provides operational sustainment of existing fielded models in support of Naval Air Systems Command and Naval Aviation Enterprise; 20 Aug 2021
 - NAWCAD Patuxent River, MD (N0042121D0037)
- North Star Scientific Corp. (Kapolei, HI)
 - high power amplifier (HPA) units (13 HPA units for E-2D crypto modernization and frequency remapping aircraft retrofits; 10 HPA units for E-2D Tactical Targeting Network Technology (TTNT) production aircraft, 10 HPA units for spares; five HPA units for system configuration set-11 E-2C aircraft,; and four HPA units for E-2D TTNT aircraft retrofits) under SBIR topic N06-125 titled, "L-Band Solid-

- State High Power Amplifier for Airborne Platforms”; also provides engineering and engineering data support for HPA units kitting, installation and testing → work in Kapolei, HI (92.3%); Carlsbad, CA (7.7%); N68335-19-G-0037; 7 Jan 2021
 - NAWCAD, Lakehurst, NJ
- Olympus America (Waltham, MA)
 - 306 ultrasonic testing (UT) production units, 153 bonded materials testing (BMT) production units, six UT pilot production units, and six BMT pilot production units in support of performing nondestructive inspection of aircraft components and support equipment at organizational and intermediate level maintenance for all Navy & Marine aircraft; 23 Sep 2021
 - NAWCAD Lakehurst, NJ (N6833521D0221)
- Physical Optics Corp. (Torrance, CA) [Torrance is just east of Redondo Beach]
 - technical support and problem resolution in support of integration and sustainment of the Digital Data Set system into the T-45 aircraft; 12 May 2021
 - NAWCAD, Patuxent River, MD (N0042121D0024)
- Precise Systems Inc. (Lexington Park, MD)
 - management and technical support services for the operation, development, sustainment, training and management of the acquisition management system suite of software applications that provide both acquisition management and acquisition data in support of the Acquisition Tools and Processes Program → Patuxent River, MD; 9 Jun 2021
 - NAWCAD, Patuxent River, MD (N0042121D0025)
- PSI Pax Inc. (California, MD)
 - Air Traffic Control (ATC) systems technical, engineering and management support including landing, approach, area control and expeditionary systems and modeling, simulation, fleet sustainment and integration of ATC systems with future manned and unmanned air combat vehicles in support of NAWCAD, Webster Outlying Field, ATC and Landing Systems Division → St. Inigoes, MD (75%); Patuxent River, MD (25%); N00178-19-D-8356; 17 Feb 2021
 - Naval Air Warfare Center Aviation Division, Patuxent River, MD
- Quality Performance Inc. (Fredericksburg, VA)
 - Moriah Wind Systems in multiple configurations, to include associated components, teardown, test and evaluation, engineering and technical support in support of the aircraft launch and recovery equipment program for the Navy; 1 Jul 2021
 - NAWCAD, Lakehurst, NJ (N6833521D0064)
- SCI Technology Inc. (Huntsville, AL)
 - up to 2,708 tactical operation center network tactical intercommunications system kits and spares in support of the National Guard Bureau Joint Product Manager Guardian Chemical, Biological, Radiological, and Nuclear Analytics and Response Systems; 2 Sep 2021
 - NAWCAD, Lakehurst, NJ (N6833521D0066)
- Smartronix LLC (Hollywood, MD)
 - airborne capabilities integration support, including development, design, coding, integration, demonstration and validation of software for embedded systems, real time operating systems and hardware and software systems → Hollywood, MD (30%); St. Inigoes, MD (28%); Huntsville, AL (28%); Patuxent River, MD (12%); Bowie, MD (1%); California, MD (1%); 26 Oct 2020
 - NAWCAD, Patuxent River, MD (N00421-21-D-0007)
 - enterprise-wide IT and cyber security (IT/CS) services to the Naval Air Warfare Center, Naval Air Systems Command, its respective customers, and other Navy components with the people, processes, facilities, technologies, skills, knowledge, and abilities necessary to support the development, planning, execution, monitoring, and life cycle support of IT/CS programs and associated activities → work in Patuxent River, MD; N0042119F0422; 30 Mar 2021
 - NAWCAD, Patuxent River, MD
- Solution Engineering Associates Inc. (Lexington Park, MD)
 - engineering and technical support services, including software, hardware, and prototype development and analysis in support of NAWCAD Flight Control and Flight Dynamics programs → Lexington Park, MD (75%); Patuxent River, MD (25%); 19 Mar 2021
 - NAWCAD, Patuxent River, MD (N0042121D0003)
- Sterling Computer Corp. (North Sioux City, SD)
 - various IT equipment and associated accessories for continuing effective and efficient business operations as the workforce is required to work remotely during the COVID-19 pandemic in support of the Digital Engineering Division; 4 Nov 2020
 - NAWCAD, Lakehurst, NJ (N68335-21-D-0004)
- Systems Application & Technologies Inc. (Largo, MD)
 - ongoing support services to the Air Vehicle and Instrumentation Department; services include designing, developing, procuring, building, installing, testing and evaluating, calibrating, modifying, operating and maintaining instrumentation on aircraft and engines for the Navy and other government and commercial customers → work at Patuxent River, MD; N00421-19-C-0023; 4 Nov 2020
 - NAWCAD Patuxent River, MD

Tactical Air Support Inc. (Reno, NV)

- six block upgrade system kits, consisting of four F-5N+ kits and two F-5F+ kits, in support of the F-5N+/F+ avionics reconfiguration and tactical enhancement/modernization for inventory standardization program → Jacksonville, FL (28%); Olathe, KS (15%); Carlsbad, CA (11%); Clarksburg, MD (10%); Grand Rapids, Michigan (7%); Woodland Hills, CA (6%); Franklin, NC (6%); Salt Lake City, UT (4%); Minneapolis, MN (3%); Warner Robbins, GA (2%); Camarillo, CA (2%); Jupiter, FL (2%); Avenel, NJ (1%); Fairborn, OH (1%); Deerfield, IL (1%); Auburn, AL (1%); 24 Jun 2021
 - o NAWCAD Patuxent River, MD (N00421-21-C-0037)

Technology Security Associates Inc. (California, MD)

- a full range of platform security and related support services to include, security modeling, program security management, trusted systems and network, cybersecurity, anti-tamper, system security engineering, international programs security support, acquisition security support, communications security support and physical security, force protection, anti-terrorism, and emergency management support for the Naval Air System Command and the Naval Air Warfare Centers → Patuxent River, MD (90%); St. Inigoes, MD (2%); Lakehurst, NJ (2%); Orlando, FL (1%); China Lake, CA (1%); Point Mugu, CA (1%); North Island, CA (1%); Cherry Point, NC (1%); Jacksonville, FL (1%); 20 Oct 2020
 - o NAWCAD, Patuxent River, MD (N00421-21-D-0005)

Viasat Inc. (Duluth, GA)

- technical support, non-warranty hardware repair or replacement, obsolescence management, on-site maintenance, preventative maintenance, spare parts and replacement pedestals in support of the pedestal improvement project for the Atlantic Test Range Aircraft Signature and Avionics Measurement branch, Patuxent River, MD; 17 Dec 2020
 - o NAWCAD Patuxent River, MD (N00421-21-D-0012)

Zenetex LLC (Herndon, VA)

- liaison services between the Navy Enterprise Resource Planning (ERP) Program Management Office, NAVSUP Business Support Center, and NAVAIR; services & products provided will support the NAVAIR Navy ERP Business Office (NBO) Center of Excellence in business solutions management, reporting and analysis, user management and NBO operational support, including Navy ERP modernization and migration efforts to the Systems Applications and Products S/4HANA capability → work in Patuxent River, MD; 26 Feb 2021
 - o NAWCAD, Patuxent River, MD (N00421-21-D-0015)

support of NAWCAD Integrated Command, Control and Intelligence (IC2&I) Division: engineering and technical support services for legacy, current, and next generation audio/video systems, including efficient information exchange of voice, video and/or data from concept through deployment and the planning, research, design, testing, integration, verification, customization, installation and system operations support of those systems, subsystems, and components in support of the IC2&I Division, which integrates and delivers products for C5ISR systems for DOD, various other U.S. government departments & agencies and foreign governments; 8 Jun 2021 via NAWCAD, Patuxent River, MD

- AV3 Inc., Mechanicsville, MD (N0042121D0026);
- Bridges System Integration LLC, Herndon, VA (N0042121D0027);
- FGS LLC, LaPlata, MD (N0042121D0028);
- Futron Inc., Woodbridge, VA (N0042121D0029);
- iSoft Solution LLC, Virginia Beach, VA (N0042121D0030);
- Mission Analytics LLC, Falls Church, VA (N0042121D0031);
- US International Development Consortium Inc., Chantilly, VA (N0042121D0032);

shipboard and shore site alteration and installation services in support of common aviation support equipment and aircraft launch and recovery equipment aboard Nimitz- and Ford-class aircraft carriers for the Navy; 30 Sep 2021 via NAWCAD, Lakehurst, NJ

- Continental Tide Defense Systems Inc., Wyoming, PA (N6833521D0225);
- Delphinus Engineering Inc., Eddystone, PA (N6833521D0226);
- Epsilon Systems Solutions Inc., Portsmouth, VA (N6833521D0227);
- LPI Technical Services, Chesapeake, VA (N6833521D0228);
- Prism Maritime LLC, Chesapeake, VA (N6833521D0229);
- Valkyrie Enterprises Inc., Virginia Beach, VA (N6833521D0230);

Maxon Furniture Inc. (Muscatine, IA)

- furniture finishes and equipment to ensure office furniture standardization, sustainability and maximum flexibility of personnel office spaces including design services and installation; 27 Jan 2021
 - o NAWCAD China Lake, CA (N68936-21-D-0011)

The Naval Air Warfare Center Weapons Division (NAWCWD) is part of NAVAIR.

DCS, Corp. (Alexandria, VA)

- continued systems engineering, analysis, research, development, logistics, configuration and data management services to the Naval Air Warfare Center Weapons Division's aircraft integrated product teams in support of the development, integration, test, evaluation, and fielding of new and upgraded capabilities to the F/A-18, EA-18G, F-35, AV-8B, AH-1/UH-1 aircraft and unmanned aerial systems for the Navy → work in China Lake, CA (86.5%); Eglin, FL (7%); Ridgecrest, CA (5%); Point Mugu, CA (1%); various locations within the continental U.S. (0.5%); 11 Aug 2021
 - o NAWCWD Point Mugu, CA (N68936-18-D-0006)

E.A.S. Manufacturing Co. (Camarillo, CA)

- production, delivery and installation of the Aircraft Launcher Interface Computer (ALIC) chassis and associated mechanical assemblies to include 649 ALIC chassis units; 64 chassis units; one ALIC chassis first article unit; and one chassis first article unit in support of the functional interface between the F-15/F-16 aircraft and the AGM-88 High-Speed Anti-Radiation Missile for FMS customers; N6893621D0042; 28 Sep 2021 via NAWCWD China Lake, CA

Management Services Group Inc., d.b.a. Global Technical Systems (GTS) (Virginia Beach, VA)

- procurement of one lot of DLQ-9 pods, associated hardware for DLQ-9 pod modifications, and technical data in support of electronic attack/electronic warfare threat simulation for weapons development, test, and evaluation, fleet training, and target applications for the DOD; 13 Aug 2021
 - o NAWCWD China Lake, CA (N6893621D0026)

Systems Application and Technologies Inc. (Oxnard, CA)

- operational and intermediate level maintenance for both aerial and seaborne assets, including air and sea vehicles and vessels used for manned and unmanned training and test events (aerial assets include subsonic and supersonic aerial targets, while seaborne assets include a combination of target and training support vessels) → Port Hueneme, CA (57%); Point Mugu, CA (35%); Ridgecrest, CA (2%); Las Cruces, NM (2%); Kauai, HI (1%); Salt Lake City, UT (1%); Lompoc, CA (1%); various locations outside the continental U.S. (1%); N68936-18-C-0046; 5 Oct 2020
 - o NAWCWD China Lake, CA

Team Corp. (Burlington, WA)

- environmental testing systems (design, manufacture, test, and install) that simulate the effects of climatic, induced thermal, dynamic and loads environments; support services include lead system integration, building and lab design specifications support, project management, equipment installation and training → Burlington, WA (50%); China Lake, CA (50%); 13 Jan 2021
 - o The environmental testing systems support the development, design, environmental qualification, airworthiness, product improvement and failure investigations of DOD weapon and target systems.
 - o NAWCWD Point Mugu, CA (N68936-21-C-0032)

Upcavage, Bauer and Crane Inc. (Tampa, FL)

- production, test, and delivery of up to 500 Steerable Antenna Systems (SAS) for electronic warfare/electronic attack pods AN/ALQ-167, AN/AST-9, AN/DLQ-9, and sub-scale targets BQM-34, BQM-74, BQM-167 and BQM-177 in support of U.S. weapon system testing supported by the Airborne Threat Simulation Organization; also provides sustainment engineering to include teardown, evaluation and repair and modification services; 5 Oct 2020
 - o NAWCWD China Lake, CA (N68936-21-D-0001)

support services to include software design and testing; updates to existing software products; cybersecurity; information assurance risk assessments; microservice module development and design; software interface development and design; development of technical support data and training materials; modification and design of new sensor models; performing photogrammetric, geo-positioning, and error propagation algorithm development; configuration management; web services; and distributed systems development for the Navy and the U.K., Australia, Canada, Poland, Finland, S. Korea, UAE, Italy, the Netherlands, Norway → work in China Lake, CA (40%); San Diego, CA (40%); Carlsbad, CA (20%); 6 Jul 2021 via NAWCWD, China Lake, CA

- BAE Systems Information and Electronic Systems Integration Inc., San Diego, CA (N6893621D0016);
- Centauri LLC, Carlsbad, CA (N6893621D0017);
- KAB Laboratories, San Diego, CA (N6893621D0018);

various machine tools, work holding devices and peripheral equipment for conventional, computer numerically controlled equipment and provide support, to include maintenance, repair, relocation, delivery, installation, and training associated with acquired machinery in support of earthquake recovery efforts for the Navy in China Lake, CA; 13 Aug 2021 via Naval Air Warfare Center Weapons Division, China Lake, CA

- Machine Tools Marketing Inc. Bixby, OK (N6893621D0044);
- Machine Tools USA Inc., Mathews, VA (N6893621D0045);
- Pacific IC Source, Yucaipa, CA (N6893621D0046);

Alion Science and Technology Corp., Norfolk, VA (N6893621D0027);

R&D, engineering, integration, test, cybersecurity, upgrade, and sustainment for various tactical threat systems in support of improving aircrew lethality and survivability for U.S. Navy at China Lake, CA; 27 Sep 2021 via NAWCWD China Lake, CA

- Amentum Services Inc., Germantown, MD (N6893621D0028);

- Booz Allen Hamilton Inc., McLean, VA (N6893621D0029);
- Dynetics Inc., Huntsville, AL (N6893621D0030);
- Jacobs Technology Inc., Fort Walton, FL (N6893621D0031);
- Saalex Solutions, Camarillo, CA (N6893621D0032);
- SAIC, Reston, VA (N6893621D0033);
- Scientific Research Corp., Atlanta, GA (N6893621D0034);
- Zenetex, Herndon, VA (N6893621D0035);

NAVSEA

American Superconductor Corp. (Devens, MA)

- support of the supplies and services required to deliver a high temperature superconducting degaussing system (HTS²), in accordance with the landing platform-dock configuration. Includes fabrication, testing and delivery of a ship's set of components/materials; analysis of configuration based engineering change proposals; and vendor representative support during installation → Ayer, MA (95%); Pascagoula, MS (5%); 11 Jan 2021
 - o Naval Surface Warfare Center, Philadelphia Division, Philadelphia, PA (N64498-21-D-4011)

Argent Technologies LLC (Floresville, TX)

- engineering, technical, administrative and programmatic management support for total life cycle management of the various aircrew escape systems managed under the Joint Program Office for Cartridge Actuated Device/Propellant Actuated Device tri-service charter; 2 Apr 2021 via Naval Surface Warfare Center Indian Head Division, MD (N00174-21-D-0014)

Austal USA (Mobile, AL)

- littoral combat ship (LCS) industrial post-delivery availability support for USS Savannah (LCS 28) → Mobile, AL (80%); Pittsfield, MA (20%); N00024-17-C-2301; 13 Nov 2020
- detail design and construction of Expeditionary Fast Transport (EPF) 15 → Mobile, AL (63%); Fairfax, VA (10%); Novi, MI (10%); Houston, TX (3%); Slidell, LA (2%); Franklin, MA (2%); Rhinelander, WI (2%); Chesapeake, VA (1%); with other efforts performed at various locations throughout the U.S. (4%); various locations outside the U.S. (3%); N00024-19-C-2227; 26 Feb 2021
 - o "EPF class provides high speed, shallow draft transportation capability to support the intra-theater maneuver of personnel, supplies and equipment for the Navy, Marine Corps, and Army."
- detail design, procurement, production implementation, and demonstration of autonomous capability in Expeditionary Fast Transport (EPF) 13 → work in Mobile, AL (60%); Reston, VA (35%); Fairfax, VA (5%); N00024-19-C-2227; 7 Jun 2021
- industrial post-delivery availability support for USS Canberra (LCS 30) in Mobile, AL (80%); Pittsfield, MA (20%); N00024-17-C-2301; 17 Jun 2021
- LCS design services and integrated data and product model environment support → Mobile, AL (60%); Pittsfield, MA (40%); N00024-17-C-2301; 22 Jun 2021
- support sustainment execution efforts for Littoral Combat Ships homeported in San Diego, CA (MAC I); N00024-21-D-4443; 4 Aug 2021

Azure Summit Technology Inc. (Fairfax, VA)

- production, repairs, engineering services, and integration of the Common Chassis AN/ZLQ-1 V2 Derivative Systems digital signal processor, digital tuner modules, switches, as well as maintenance, product improvement, and testing → Melbourne, FL (67%); Fairfax, VA (30%); Snohomish, WA (3%); N00164-17-D-JT09; 10 Mar 2021 via Naval Surface Warfare Center, Crane Division, Crane, IN

CSS Werx LLC (Panama City Beach, FL)

- prototype of a rapidly deployable command & control system: prototype shall fit within the physical constraints of an expeditionary afloat environment and be able to run all existing applications & services consisting of commercially available items of the existing tactical datacenter including bare metal and already deployed reconfigurations; other transaction agreements; 13 Apr 2021 via Naval Surface Warfare Center Panama City Division, Panama City, FL (N61331219G001)

Custom Manufacturing & Engineering Inc. (Pinellas Park, FL)

- manufacture, assembly, test, and delivery of Universal Canister Electronics Units and associated cables in support of MK 57 Vertical Launch System; 25 Mar 2021
 - o Naval Surface Warfare Center Port Hueneme Division, Port Hueneme, CA (N63394-21-C-0006)

DCX-CHOL Enterprises (Los Angeles, CA)

- module electronics box and hazard electronics box units (manufacture, assembly, test, and delivery) in support of the vertical launch system: Module Electronics Box (part number 8660400-9) and Hazard Electronics Box (part number 8660450-9) units; units will be provided as Government-Furnished Material under the separate MK 41 Vertical Launch System production in support of the Navy's DDG 51 Class and Allied Navy shipbuilding program requirements; FMS funds are \$5,740,000 (48%); N6339421C0002; 1 Sep 2021
 - o Naval Surface Warfare Center Port Hueneme Division, Port Hueneme, CA

² The HTS degaussing system components include a control unit, power modules, junction boxes, cryo-coolers, accumulation tanks, HTS degaussing cable assemblies and cold gas lines.

Design West Technologies (Tustin, CA)

- manufacture, assembly, test and delivery of MK 5 Mod 2 and MK 6 Mod 1 launch sequencers and associated kitted material (the launch sequencers and kitted materials are subsystems and components of the MK 41 Vertical Launching System used on ships of the U.S. Navy and foreign navies) for USA (48%) and FMS [Australia (20%); Spain (17%); Germany (8%); Finland (5%); South Korea (2%)]; 29 Sep 2021
 - o Naval Surface Warfare Center Port Hueneme Division, Port Hueneme, CA (N63394-21-C-0011)

Eagle Industries Unlimited Inc. (Virginia Beach, VA)

- Maritime Armor Systems to support the Antiterrorism Afloat Equipment Program; N61331-20-D-0007; 27 Apr 2021
 - o Naval Surface Warfare Center Panama City, Panama City, FL

Erie Forge and Steel (Erie, PA)

- manufacture two Virginia-class submarine shafts; 22 Sep 2021
 - o NAVSUP Weapon Systems Support, Mechanicsburg, PA (N00104-21-C-FA50)

EPS Corp. (Tinton Falls, NJ)

- technical expertise in the development and testing of underwater weapons and underwater weapons systems components → Tinton Falls, NJ (95%); Cagliari, Italy (5%); N00174-17-D-0026; 12 Feb 2021
 - o Naval Surface Warfare Center, Indian Head Division, Indian Head, MD

Epsilon Systems Solutions Inc. (Portsmouth, VA)

- hyperbaric systems at locations worldwide, including Navy facilities in both the continental U.S. (CONUS) and outside the continental U.S. (OCONUS); systems include recompression chamber facilities, driver training facilities, and dive lockers; an initial task order is being awarded at \$1,636,637 for the design, procurement, fabrication, assembly, shop test, installation, and field testing of the Hyperbaric Facilities at Seal Delivery Vehicle Team 1 in Pearl City, HI; 22 Sep 2021 via Naval Facilities Engineering Systems and Expeditionary Warfare Center, Port Hueneme, CA (N39430-21-D-2232)

First Division Consulting Inc. (Burke, VA)

- full-time equivalents for field service representative support for electronic warfare systems at various locations outside the continental U.S.; 16 Mar 2021 via Naval Surface Warfare Center, Crane Division, Crane, IN (N00164-21-D-WQ83)

Foster-Miller, d.b.a. QinetiQ North America (Waltham, MA)

- MK 2 Man Transportable Robotic System series systems and Talon systems (production, engineering support, and postproduction support); some FMS to Australia; 18 Mar 2021
 - o Naval Surface Warfare Center, Indian Head, Indian Head, MD (N00174-21-D-0019)
- rapid prototypes associated with products, systems, subsystems, support equipment, and associated capabilities; 12 corporations N6660421DN001 through N6660421DN012; 29 Sep 2021
 - o Naval Undersea Warfare Center Division Newport, Newport, RI

Global, a 1st Flagship Co. (Irvine, CA)

- services and material necessary to support and maintain all vessels assigned to NAVSEA, Inactive Ship Maintenance Office, Pearl Harbor, HI; N00024-17-C-4410; 24 Jun 2021

Gravois Aluminum Boats LLC, d.b.a. Metal Shark Boats (Jeanerette, LA)

- construction, shipping and item unique item identification and documentation of ten 40-foot patrol boats; N00024-17-D-2209; 26 Feb 2021 via Supervisor of Shipbuilding, Conversion and Repair, Gulf Coast, Pascagoula, MS

GSE Dynamics Inc. (Hauppauge, NY)

- manufacture, test and deliver composite structures; N64498-21-D-4012; 28 Jan 2021

Gulf Island Shipyards LLC (Houma, LA)

- purchase of government purpose data rights for follow-on Fleet Ocean Tugs (T-ATS) ships; purchase of a special license agreement for government purpose data rights, as the term is defined in FAR 252.227-7013; this specifically-negotiated government purpose rights license will expire in 20 years and will apply to all commercial and noncommercial data delivered, per the terms of the modification; N00024-18-C-2207; 16 Mar 2021

Halter Marine (Pascagoula, MS)

- detail design and construction of one oceanographic survey ship (T-AGS 67) → Pascagoula, MS (76%); Harahan, LA (8%); Belle Chase, LA (4.5%); Alpharetta, GA (4.5%); Mathews, LA (2.3%); Axis, AL (2%); Houston, TX (1.5%); Sherwood, OR (1.2%); N00024-19-C-2208; 4 Jun 2021

Hexagon U.S. Federal Inc. (Huntsville, AL)

- engineering changes to situational awareness, boundary enforcement and response hardware; N00024-19-D-4114 (re 5 Sep 2019 contract); 25 Jun 2021

Hydroid Inc. (Pocasset, MA) (owned by HII)

- MK 18 Mod 2 Unmanned Underwater Vehicle (UUV) Increment II Payload Upgrade hardware; N66604-21-D-C000; 13 Apr 2021
- MK18 UUV systems production support; N00174-19-D-0010; 21 Apr 2021

Imagine One Technology & Management Ltd. (Lexington Park, MD)

- IT support to provide sustainment and development/modernization solutions for current and future government and commercial off-the-shelf systems → work in Norfolk, VA; N00178-14-D-7755-EH03; 28 Jun 2021
 - o NAVSEA, D.C.

Innovative Defense Technologies LLC (Arlington, VA)

- Navy engineering services and material in Fall River, MA; N00024-20-C-6116; 6 Nov 2020 via NAVSEA D.C.
- automated test and analysis capability supporting Navy surface combatant combat system development → Arlington, VA (50%); Mount Laurel, NJ (50%); 25 Nov 2020 via NAVSEA D.C. (N00024-21-C-5100)

Kampi Components Inc. (Fairless Hills, PA)

- valves and valve accessories for US Navy; 21 Jan 2021
 - o DLA Land and Maritime, Columbus, OH (SPE7MX-21-D-0044)

Q.E.D. Systems Inc. (Virginia Beach, VA)

- specification development and availability execution support (formerly known as third party planning services) for guided missile cruiser (CG), guided missile destroyer (DDG), landing helicopter assault, landing helicopter dock landing platform dock, and dock landing ship class vessels → work in Norfolk, VA (51%); San Diego, CA (43%); Everett, WA (6%); 28 Oct 2020
 - o NAVSEA D.C. (N00024-21-C-4200)
- support of execution planning efforts to support West Coast, East Coast and outside the contiguous U.S. maintenance and sustainment execution contracts for LCS class ships → San Diego, CA (80%); Virginia Beach, VA (20%); N00024-18-C-4312; 3 Jun 2021
 - o NAVSEA D.C.

Management Services Group Inc., d.b.a. Global Technical Systems (Virginia Beach, VA)

- Network, Processing, and Storage Technical Insertion 16, Modification 1 production equipment for U.S. (99%); S. Korea and Japan (1% combined); N0002420C5608; 26 Mar 2021
 - o NAVSEA D.C.
- ordnance alteration kit production, on-board allowance spares kit production, and engineering services for Technical Insertion 12H of the Common Processing System; N6339419C0008; 3 Jun 2021
 - o Naval Surface Warfare Center, Port Hueneme Division, Port Hueneme, CA

Marinette Marine Corp. (Marinette, WI)

- detail design and construction of one Constellation-class guided-missile frigate, future USS Congress (FFG 63), and integrated digital environment support → Marinette, WI (52%); Boston, MA (10%); Crozet, VA (8%); New Orleans, LA (7%); NEW YORK, NY (6%); D.C. (6%); Sturgeon Bay, WI (3%); Santa Fe Springs, CA (2%); Minneapolis, MN (2%); King of Prussia, PA (1%); Cincinnati, OH (1%); Atlanta, GA (1%); Chicago, IL (1%); N00024-20-C-2300; 20 May 2021
- fiscal 2021 engineering and class services requirements in support of detail design and construction of the Constellation-class guided-missile frigate → work in Marinette, WI (40%); Newport News, VA (25%); NY, NY (10%); Philadelphia, PA (10%); Ayer, MA (5%); Arlington, VA (5%); Herndon, VA (2%); Camden, NJ (2%); Tulsa, OK (1%); N00024-20-C-2300; 17 Aug 2021

Massa Products Corp. (Hingham, MA)

- support of SP24 navigation submarine program for U.S. (33%); U.K. (67%); 7 Apr 2021
 - o Naval Surface Warfare Center, Crane Division, Crane, IN (N0016421DGP65) (awarded April 6, 2021)

Mnemonics Inc. (Melbourne, FL)

- Radio Frequency Blanking Unit (RFBU) and Electronic Attack Unit (EAU) components of the Advanced Electronic Attack (AEA) system of EA-18G Growler aircraft: engineering support services, logistics management information and fleet support team efforts for Naval Surface Warfare Center Crane EA-18G EAU Organic Depot; 28 Dec 2020
 - o NSWC, Crane Division, Crane, IN (N0016421GWS53 order N0016421FWS004)

Mountain Horse LLC, d.b.a. Mountain Horse Solutions (Union City, TN)

- maritime buoyant plates, to support the antiterrorism afloat equipage program; N61331-20-D-0014; 27 May 2021
 - o Naval Surface Warfare Center Panama City Division, Panama City, FL

MZA Associates Corp. (Albuquerque, NM)

- technical and subject matter expert services for the Naval Surface Warfare Center, Dahlgren Division, VA → work in Dahlgren, VA (70%); Albuquerque, NM (30%); 9 Jul 2021
 - o Naval Surface Warfare Center, Dahlgren Division, VA (N00178-21-D-4413)

Oceaneering International Inc. (Chesapeake, VA)

- configuration changes, engineering services, material, maintenance and repair; N00024-18-C-6413; 8 Jan 2021, 30 Sep 2021

Oceaneering International Inc. (Hanover, MD)

- continue the Navy's submarine rescue program, Submarine Rescue Operations Maintenance Contractor, San Diego, CA; N00024-20-C-4315; 9 Sep 2021

Opal Soft, Inc. (Sunnyvale, CA)

- software support services in support of Naval Undersea Warfare Center Division, Keyport, WA; issued 5 Feb 2021, awarded 8 Feb 2021
 - o Naval Undersea Warfare Center Division, Keyport, Keyport, WA (N0025321C0004)

Phoenix International Holdings Inc. (Largo, MD)

- worldwide undersea deep ocean search and recovery operations and associated services to support the Director of Ocean Engineering, Supervisor of Salvage and Diving; N00024-14-D-4102; 16 Mar 2021

RCT Systems Inc. (Baltimore, MD)

- R&D activities associated with advancement and improvement in current and future shipboard systems → Baltimore, MD (68%); Fayetteville, AR (19%); Tuscaloosa, AL (10%); Tallahassee, FL (3%); 30 Jul 2021 via NAVSEA, D.C. (N00024-21-C-4109)

Saab Inc. (East Syracuse, NY)

- manufacture, inspect, test, and deliver Multi-Mode Radar (MMR³) systems to be deployed on Navy Expeditionary Support Base ships and Coast Guard (USCG) Offshore Patrol Cutter (OPC) and provide engineering support of delivered MMR systems → East Syracuse, NY (64%); Gothenburg, Sweden (36%); N00024-17-C-5381; 21 Dec 2020

SEACORP (Middletown, RI)

- continued development, upgrade, and application of the next generation electronic warfare human machine interface software, which derives from and extends phase 1 and 2 efforts → work in Middletown, RI (80%); Newport, RI (10%); on-board U.S. ships and ranges (10%); N66604-21-D-K000; 6 Jul 2021

Sedna Digital Solutions LLC (Manassas, VA)

- Navy engineering services and required material; N00024-18-C-6264; 4 Nov 2020

Seemann Composites LLC (Gulfport, MS)

- design engineering and manufacturing support in Gulfport, MS (60%); Chesapeake, VA (20%); Horsham, PA (20%); N0016721D0010; 2 Aug 2021

Serco Inc. [sometimes credited as Serco - IPS Corp.] (Herndon, VA)

- professional support services for the Naval Sea System Command's deputy commander for surface warfare → D.C. (55%); Norfolk, VA (19%); San Diego, CA (18%); Mayport, FL (2%); Yokosuka, Japan (2%); Sasebo, Japan (1%); Manama, Bahrain (1%); Pascagoula, MS (1%); Pearl Harbor, HI (1%); N00174-18-C-0015; 31 Dec 2020
- engineering and technical support services in support of the Hull, Mechanical and Electrical Systems Modernization Program for the Naval Surface Warfare Center, Philadelphia Division; estimated that work will be performed on East Coast (45%); West Coast (40%); outside continental U.S. (15%); Norfolk, VA; San Diego, CA; Mayport, FL; Pearl Harbor, HI; Everett, WA; Bremerton, WA; Groton, CT; Portsmouth, NH; Yokosuka, Japan; Sasebo, Japan; Rota, Spain; Manama, Bahrain; Portland, OR; Yokohama, Japan; N64498-21-D-0013 through -0023; 12 Mar 2021 (w 10 others)
- Close-In Weapons System (CIWS) waterfront installation support on USS Theodore Roosevelt (CVN-71); provides support in performing the functions of an Alteration Installation Team with the installation of ship alterations, ship change documents, and ordnance alterations as related to the CIWS on Navy, Army, Coast Guard, and FMS vessels → Bremerton, WA (59%); Norfolk, VA (41%); N00174-18-D-0018; 4 Mar 2021
- professional support services in the areas of program management, administrative support, surface ship modernization, inactive ships, surface ships readiness, surface training systems, business and financial management, records management, and IT support for Naval Sea Systems Command Surface Warfare (SEA 21) → D.C. (55%); Norfolk, VA (19%); San Diego, CA (18%); Mayport, FL (2%); Yokosuka, Japan (2%); Sasebo, Japan (1%); Manama, Bahrain (1%); Pascagoula, MS (1%); Pearl Harbor, HI (1%); N00174-18-C-0015; 3 May 2021
- engineering-based cost analysis, logistics support, training and technical services in support of the price fighters department at NAVSUP Weapon Systems Support → Herndon (75%) and Norfolk (25%), VA; N00189-21-D-Z027; 10 May 2021
- chemical management services for DLA Aviation; SP3300-17-C-5003; 10 May 2021

Southeastern Computer Consultants (King George, VA)

- Tactical Tomahawk Weapon Control System (TTWCS) Integrated Logistics Support (ILS) products and services in support of Training Support Activity responsibilities at Naval Surface Warfare Center, Port Hueneme Division → Norfolk, VA (26%); Dahlgren, VA (21%); Port Hueneme, CA (11%); San Diego, CA (8%); Norfolk, VA (8%); Mayport, FL (6%); Bangor, WA (6%); Kings Bay, GA (4%); Pearl Harbor, HI (4%); Yokosuka, Japan (4%); the UK (2%); 4 Dec 2020
 - o Naval Surface Warfare Center, Port Hueneme Division, Port Hueneme, CA (N63394-20-F-3006)

³ The MMR is the primary sensor for air & surface surveillance and gun weapon system cueing for Coast Guard Offshore Patrol Cutter.

Sterling Shipyard LP (Port Naches, TX)

- build, test, and deliver a new deck barge that will be paired with a government purchased crawler crane to form a crane barge in Port Naches, TX; W912BU-21-C-0014; 22 Jan 2021 via USACE Philadelphia, PA

Swiftships LLC (Morgan City, LA)

- construction of five Landing Craft, Utility 1700 class (1707-1711); N00024-18-C-2401; 7 May 2021

SyQwest Inc. (Cranston, RI)

- hydrophones; some fiscal 2021 National Sea-Based Deterrence Funds; N66604-21-D-D100; 26 Apr 2021 via Naval Undersea Warfare Center Division, Newport, RI

Systems Engineering Associates Corp. (Middletown, RI)

- continued Small Business Innovation Research (SBIR) Phase III architecture development, software development, software integration and testing and software Capstone demonstration to further develop Payload Control System Technology and Combat Systems Acquisition Prototype Initiative Data Interface software to enable payload integration prototypes → Newport, RI (60%); New London, CT (19%); Middletown, RI (17%); San Jose, CA (4%); 14 May 2021
 - o Naval Undersea Warfare Center Division, Newport, RI (N66604-21-D-E100)
- continued Small Business Innovation Research (SBIR) Phase III engineering and fabrication services → work in Middletown, RI (95%); Newport, RI (5%); N66604-21-D-F100; 5 Aug 2021 via Naval Undersea Warfare Center Division, Newport, Newport, RI

Thoma-Sea Marine Constructors (Houma, LA)

- design & construction of the National Oceanic and Atmospheric Administration (NOAA) Auxiliary General Oceanographic Research Variant (NAV) Ship 1 and Ship 2 → work in Houma, LA (60%); Alpharetta, GA (15%); Lynnwood, WA (7%); New Orleans, LA (6%); Gray, LA (5%); Crozet, VA (3%); Alesund, Norway (2%); Amelia, LA (1%); various locations across the U.S. (each less than 1%); procurement, acquisition, and construction (NOAA) funding; N0002419C2216; 31 Dec 2020

Triverus LLC (Palmer, AK)

- services & material to support production of the mobile cleaning, recovery, and recycling system; associated spare parts, engineering and services; and other direct cost re: associated engineering and services; N00024-18-C-4449; 6 Aug 2021

Ultra Electronics Ocean Systems (Braintree, MA)

- AN/SLQ-25E 'NIXIE' electro-acoustic towed torpedo countermeasure system → Braintree, MA (58%); Manchester, NH (25%); Lititz, PA (13%); Huntington Beach, CA (4%); N00253-20-D-0002; 17 Dec 2020
- AN/SSQ-125 production sonobuoys (production & delivery of a maximum quantity of 20,000) in support of annual training, peacetime operations and testing expenditures and maintaining sufficient inventory to support the execution of major combat operations determined by the Naval Munitions Requirements Process for the Navy and FMS → De Leon Spring, FL (51%); Columbia City, IN (49%); N00019-19-D-0032; 3 Mar 2021 (as part of ERAPSCO, a JV with Sparton Corp.) via NAVAIR, Patuxent River, MD
- transducers and installation kits → Quincy, MA (68%); Hingham, MA (42%); N66604-21-D-C100; 16 Apr 2021
- MK54 MOD 0 lightweight torpedo (LWT) array kits, associated production support material, spares, and engineering and hardware support services for USA (12%), the Netherlands, Belgium, New Zealand, Spain, and Brazil (88%; \$20,352,017) → work in Braintree, MA (70%); Lititz, PA (30%); N00024-18-C-6405; 16 Sep 2021
- design, develop, fabricate, test, install, analyze, document, and deliver rapid prototype solutions associated with products, systems, subsystems, support equipment, and associated capabilities; N6660421DN007; 29 Sep 2021 (w 11 others)
- development and production of Next Generation Surface Search Radar qualification systems → work in Chantilly, VA (58%); Wake Forest, NC (39%); Braintree, MA (3%); N63394-19-C-0007; 30 Sep 2021

Ultra Electronics Advanced Tactical Systems (Austin, TX)

- create a Common Operational Picture (COP) system in support of a U.S. security cooperation program for the Tunisian Armed Forces⁴ (TAF); includes integration, testing, installation, training and on-site field service representatives → work in Austin, TX, and locations in Tunisia; funded with Title 10 U.S. Code Section 333 Building Partner Capacity Case funds; N0003921C4003; 29 Sep 2021 via NAVWAR San Diego, CA

VT Halter Marine Inc. (Pascagoula, MS)

- detail design and construction of an Auxiliary Personnel Lighter-Small in Pascagoula, MS (58%); Mandeville, LA (15%); Metairie, LA (12%); Gautier, MS (9%); Billerica, MA (3%); Boca Raton, FL (3%); N00024-18-C-2230; 23 Mar 2021

⁴ "In support of Joint Operations Command Center in Tunisia, the TAF will be supplied with the command and control (C2) system that will create a COP to provide integrated data from multiple sources to enhance the ability to securely share information across the Tunisia military within their country. This enhanced command, control, communications, computers and intelligence capability aligns with the U.S. Africa Command Theater Campaign Plan line of effort to enhance partner capability to improve security capacities of Tunisia, a strategic U.S. partner, ensuring a stronger defense against regional threats. The C2 system will also allow for joint interoperability with U.S. forces and meets U.S. cybersecurity requirements."

Walashek Industrial & Marine Inc. (National City, CA)

- extend the service life of Landing Craft, Air Cushion (LCAC) sustain craft capability, repair corrosion damage and reduce life cycle cost by improving reliability and maintainability by repairing the buoyancy box, installing a new skirt, repair/refurbishing machinery, electrical systems, electronics and piping systems at Camp Pendleton, CA; N00024-21-C-2427; 26 Feb 2021

Yulista Support Services (Huntsville, AL)

- operation and maintenance support of the Sea Fighter (FSF-1) in Panama City Beach, FL; N61331-20-C-0018; 16 Sep 2021

engineering and technical support for surface ship and submarine electrical power generation and propulsion for hull, mechanical, and electrical systems and equipment; 17 Nov 2020 via Naval Surface Warfare Center, Philadelphia Division, Philadelphia, PA

- Ameer Bay LLC, Hanahan, SC (N64498-21-D-4003);
- Continental Tide Defense Systems Inc., Reading, PA (N64498-21-D-4002);
- LPI Technical Services, Chesapeake, VA (N64498-21-D-4001);
- NDI Engineering Co., Thorofare, NJ (N64498-21-D-4004);

sustain the Technical Insertion 2016 equipment; manufacture, assembly, and testing of Technical Insertion 2016 equipment spares; associated engineering services, procurement, and harvesting; and installation of ordinance alteration kits and related products → Dahlgren, VA (10%); Norfolk, VA (10%); Pascagoula, MS (10%); Port Hueneme, CA (10%); San Diego, CA (10%); Virginia Beach, VA (10%); Wallops Island, VA (10%); Everett, WA (5%); Honolulu, HI (5%); Kauai, HI (5%); Mayport, FL (5%); Moorestown, NJ (5%); Yokosuka, Japan (5%); 4 Dec 2020 via Naval Surface Warfare Center Port Hueneme Division, Port Hueneme, CA

- DRS Laurel Technologies Inc., Johnstown, PA (N63394-21-D-0001);
- VT Milcom Inc., Virginia Beach, VA (N63394-20-D-0002);

support services for the Navy's air conditioning and refrigeration systems on all types of military vessels and small crafts → Norfolk, VA; Mayport, FL; Bremerton, WA; Pearl Harbor, HI; Yokosuka, Japan; Bahrain; United Arab Emirates; San Diego, CA; Groton, CT; Portsmouth, NH; Seattle, WA; and Guam; 29 Jan 2021 via Naval Surface Warfare Center, Philadelphia Division, Philadelphia, PA

- La Playa Inc. of VA, Chesapeake, VA (N64498-21-D-0002);
- Life Cycle Engineering Inc., North Charleston, SC (N64498-21-D-0003);
- Q.E.D. Systems Inc., Virginia Beach, VA (N64498-21-D-0004);
- Epsilon Systems Solutions Inc., Portsmouth, VA (N64498-21-D-0005);
- Continental Tide Defense Systems Inc., Wyomissing, PA (N64498-21-D-0006);

wooden container fabrication requirements in support of the development, maintenance and sustainment of systems, sub-systems, equipment and components → Milan, TN (25%); Gwinner, ND (25%); Loveland, CO (25%); Odon, IN (25%); issued 19 Feb 2021, awarded 18 Feb 2021; via Naval Surface Warfare Center, Crane Division, Crane, IN

- Kaiyuh Services, Milan, TN (N00164-21-D-GW01);
- Maro & Associates, Gwinner, ND (N00164-21-D-GW09);
- MM Packaging Products, Loveland, CO (N00164-21-D-GW10);
- Valor Defense Solutions, Odon, IN (N00164-21-D-GW11);

engineering and technical support services in support of the Hull, Mechanical and Electrical Systems Modernization Program for the Naval Surface Warfare Center, Philadelphia Division; estimated that work will be performed on East Coast (45%); West Coast (40%); outside continental U.S. (15%): Norfolk, VA; San Diego, CA; Mayport, FL; Pearl Harbor, HI; Everett, WA; Bremerton, WA; Groton, CT; Portsmouth, NH; Yokosuka, Japan; Sasebo, Japan; Rota, Spain; Manama, Bahrain; Portland, OR; Yokohama, Japan; N64498-21-D-0013 through -0023; 12 Mar 2021 (w 10 others) via Naval Surface Warfare Center, Philadelphia Division, Philadelphia, PA

- engineering support for consolidated afloat networks and enterprise services (CANES) to include technical and programmatic services for networking, communications and computer systems and associated certification and information assurance for new developments, current operations, and planned upgrades → San Diego, CA (76%); Norfolk, VA (4%); HI (4%); D.C. (3%); Charleston, SC (3%); Japan (4%); Guam (2%); Bahrain (2%); Italy (2%); N66001-21-D-0008; 30 Dec 2020
- program management, basic research, end-to-end system design, prototype development, systems engineering, integration, environmental qualification testing, production, software loading, pre-installation testing and checkout, deployment and life cycle support of command, control, communications, computer, intelligence, surveillance and reconnaissance systems for the NAVWAR Pacific Network Integration Engineering Facility, San Diego, CA; N66001-21-D-0153; 31 Aug 2021

Perspecta Labs Inc. (Basking Ridge, NJ)

- engineering and telecommunication standards support to enhance national security and emergency preparedness services by enabling Next Generation Network Priority Services over the Internet Protocol Multimedia Subsystem and Long Term Evolution networks; Department of Homeland Security procurement, construction, and improvement funds; N66001-21-D-0011; 6 Oct 2020

Perspecta Enterprise Solutions (Herndon, VA)

- services provided under Next Generation Enterprise Network (NGEN⁵) support for approximately 400,000 seats representing more than 650,000 Navy and Marine Corps users at more than 2,500 locations; N00039-13-D-0013; 17 Dec 2020

RF Products Inc. (Camden, NJ)

- ultra-high frequency antenna couplers (UHFAC) and control power supply (CPS) units; N6523621D4805; 29 Jul 2021
 - o addresses development and production of new UHFAC and CPS units for new construction ships used by the Navy, Coast Guard, and MSC. This equipment is currently fielded on vessels across the U.S. military and this contract will ensure the approved configuration is maintained on future hulls.
 - o NAVWAR Atlantic, Charleston, SC

Serco Inc. (Herndon, VA)

- support (includes production management, integration and fabrication, and system and component procurement) of Network Integration Engineering Facility production services; N66001-16-D-0033; 27 Oct 2020
 - o Naval Information Warfare Center Pacific, San Diego, CA (N66001-16-D-0033)
- engineering support services and supplies for the conception, design, development and delivery of integrated systems, networks and supporting infrastructure on an emergent basis; includes the corresponding engineering, technical, and management support services and equipment for air traffic control, meteorology and oceanography, and aviation C5ISR electronic systems → Charleston, SC (76%); San Diego, CA (24%); N6523621D8007; 28 May 2021
 - o NAVWAR Atlantic, Charleston, SC

SOLUTE Inc. (San Diego, CA)

- support an automated digital network system to include engineering and programmatic services for communications systems and associated certification and information assurance for current operations, planned upgrades and developments → work in

⁵ NGEN provides net centric data and IT services for comprehensive, end-to-end information services through a common computing and communication environment to Navy and Marine Corps military, civilian and contractor users. Services provided under NGEN are enterprise services; network services; voice, video and data services; information security services; support services; and testing services.

continental U.S. [CA (90%); HI (2%); Charleston, SC (2%); Norfolk, VA (2%)], and outside the continental U.S. [Bahrain (2%); Italy (2%)]; 30 Nov 2020

- o NAVWAR Pacific, San Diego, CA (N66001-21-D-0010)
- professional services for systems engineering, software engineering, cybersecurity engineering, DevSecOps (development, security and operations) engineering, and network engineering; 25 May 2021
 - o NAVWAR, San Diego, CA (N00039-21-D-1009)

Scientific Research Corp. (Atlanta, GA)

- the completion of C4I system of systems testing, integration and installation services being performed onboard USS *George Washington* (CVN 73) → Newport News, VA (90%); Charleston, SC (10%); task order N00039-19-F-0017; N00039-18-D-0006; 11 Dec 2020 via NAVWAR San Diego, CA

Teledyne Brown Engineering Inc. (Huntsville, AL)

- Littoral Battlespace Sensing-Glider (LBS-G) program: program management, engineering support, production, maintenance, repairs, test, training, documentation updates, spares, system upgrades and other logistic related tasks; 30 Jun 2021
 - o NAVWAR Pacific San Diego, CA (N0003921D6001)
- R&D support services for training and continued development of medical modeling and simulation research tools for the Naval Health Research Center, San Diego, CA → work in Huntsville, AL (80%); San Diego, CA (20%); N6264520D5008; 10 Aug 2021
 - o Naval Medical Logistics Command, Fort Detrick, MD

Three Wire Systems LLC (Falls Church, VA)

- DOD Enterprise Software Initiative (ESI) blanket purchase agreement (BPA)⁶
 - o Three Wire Systems will join the rest of the fiscal 2018 awardees: Carahsoft (Reston, VA); Immix (McLean, VA); Alamo City Engineering Services (San Antonio, TX), to provide commercially available Forescout brand-name software licenses, proprietary appliances, and maintenance support to the DOD, intelligence community, and Coast Guard; products offered will meet functional requirements and capabilities in the following categories: Forescout Integration Modules, CounterAct, Forescout Training & Solution Support, and ActiveCare Support Services; GS-35F-0300T; 9 Nov 2020
 - Naval Information Warfare Center Pacific, San Diego, CA (N66001-21-A-0030)

production management, integration and fabrication and system and component procurement for network integration engineering facility production services; technical services include basic research, end-to-end system design, prototype development, systems engineering, integration, deployment and life cycle support of C4ISR systems; 11 Dec 2020 via Naval Information Warfare Center, Pacific, San Diego, CA

- M.C. Dean Inc., Tysons, VA (N66001-21-D-0030);
- SAIC Reston, VA (N66001-21-D-0031);
- Serco Inc., Herndon, VA (N66001-21-D-0032);
- Systems Engineering Support Co., San Diego, CA (N66001-21-D-0033);
- VT Milcom Inc., Virginia Beach, VA (N66001-21-D-0034);

support NAVWAR with management engineering, technical assistance, integrated logistics and security for wideband, narrowband and protected communications on afloat, ashore, airborne, submerged and space-based platforms → work in San Diego (80%); outside the continental U.S. (20%); N66001-21-D-0070 through 0080; 3 Mar 2021 (11 corporations on the contract) via NAVWAR Pacific, San Diego, CA

- Booz Allen Hamilton,
- Exceptional Employees for Exceptional Results Corp., San Diego, CA (N66001-21-D-0071);
- G2 Software Systems Inc., San Diego, CA (N66001-21-D-0072);
- KAB Laboratories Inc., San Diego, CA (N66001-21-D-0073);
- Kratos Defense & Rocket Support Services Inc., San Diego, CA (N66001-21-D-0074);
- M.C. Dean Inc., Tysons, VA (N66001-21-D-0075);
- Parsons Government Services Inc., Pasadena, CA (N66001-21-D-0076);
- Science Applications International Corp., Reston, VA (N66001-21-D-0077);
- Sentar Inc., Huntsville, AL (N66001-21-D-0078);
- Systems Technology Forum Ltd., Fredericksburg, VA (N66001-21-D-0079);
- Transtecs Corp., Arlington, VA (N66001-21-D-0080);

technical support (systems engineering, program & configuration management, hardware & software development, installation, maintenance, sustainment, and training in support of ISR activities, ISR systems, and cybersecurity operations) for NAVWAR Pacific → San Diego, CA (90%); outside the continental U.S. (10%); some DHS funds; N66001-21-D-0053 through -0062; 4 Mar 2021 via Naval Information Warfare Center Pacific, San Diego, CA

- Booz Allen Hamilton Inc.,
- General Dynamics
- HII Mission Driven Innovative Solutions Inc.,
- KAB Laboratories Inc., San Diego, CA (N66001-21-D-0056);

⁶ DOD ESI is a joint DOD project to streamline the acquisition process and provide IT products and selected services that are compliant with applicable standards “and represent the best value” for DOD. Under ESI, the DOD leverages aggregate buying power to establish enterprise agreements with IT manufacturers and resellers for high demand, commercial off-the-shelf IT products and services.

- Leidos Inc.,
- Northrup Grumman
- Parsons,
- Peraton Inc.,
- Science Applications International Corp.,
- Solute Inc., San Diego, CA (N66001-21-D-0062);
- Trandes Corp., Virginia Beach, VA (N66001-21-D-0063);

engineering, technical, and programmatic support including networking communications and computing systems with associated cybersecurity implementation and certification of new developments, current operations, and future capabilities → work in San Diego, CA (95%); Naval Station Norfolk, VA (2%); Naval Base Ventura County, CA (2%); outside the continental U.S. (1%); 25 Mar 2021 via Naval Information Warfare Center Pacific, San Diego, CA

- Alexandria Insights Inc., Stafford, VA (N66001-21-D-0083);
